

Why Attend

Join us in Charlotte for AABIP 2024!

[accordion_father active="0"] [accordion_son title="Be Part of The Enhancement of Knowledge"] AABIP 2024 is the converging place for interventional pulmonologists, advanced bronchoscopists, critical care specialists, thoracic surgeons, advanced practice providers, respiratory therapists, nurses, trainees, industry colleagues, and more, to exchange knowledge.

☒ [/accordion_son] [accordion_son title="Simulation Sessions"] You get the opportunity to participate in productive, task-oriented 90–120-minute hands-on simulation sessions, interacting closely with expert faculty members in small groups.

Whether you're looking to refine your techniques in flexible bronchoscopy, explore ablation modalities, delve into lung volume reduction procedures, or pursue other aspects of the field, these sessions offer a chance to choose from seven skill-specific sessions tailored to your interests and needs.

☒ [/accordion_son] [accordion_son title="Extend Your Network"] Meet colleagues from all over the world, share experiences and interchange ideas to further develop bronchology and interventional pulmonology.

☒ [/accordion_son] [accordion_son title="Grow Professionally"] Share your abstract in a global environment filled with the brightest minds in the field. Present your research, case report or procedure video report to get feedback, new approaches and recognition from your peers.

☒ [/accordion_son] [accordion_son title="Update Your

Practice"]AABIP 2024 provides you with the opportunity to meet, discuss and learn about current trends and the latest technological developments, industry breakthroughs and guidelines for thoracic diseases.
